

SHAJANA MIRSHA I

Computer Technology Student

Phone: +91 6374194542 | shajanamirsha13@gmail.com | <https://www.linkedin.com/in/shajana-mirsha-117124330> | <https://github.com/Shajana-Mirsha> | https://leetcode.com/u/Shajana_Mirsha/

Objective

Pre-final year Computer Technology student with strong interest in software development and problem-solving, seeking opportunities to apply technical skills and contribute to scalable and efficient software solutions.

Education

Bannari Amman Institute of Technology	2023 – 2027
<i>Bachelor of Technology - Computer Technology</i>	<i>CGPA: 7.88(upto 5th semester)</i>
Ambal Matric Higher Secondary School, Sirumugai	2023
<i>Higher Secondary (12th)</i>	<i>88.33 %</i>
Ambal Matric Higher Secondary School, Sirumugai	2021
<i>Secondary (10th)</i>	

Technical Skills

Programming Languages : C, Java, SQL(Intermediate)

Web Technologies : HTML, CSS, JavaScript, React.js

Development Tools : Git, GitHub, Visual Studio Code

Area of Interest

Object-Oriented Programming (OOP), Machine Learning

Projects

Smart Attendance System <i>Python, HTML, CSS</i>	September 2025
- Designed and developed a web-based attendance system using Python and frontend technologies to automate attendance tracking and reduce manual errors. - Implemented data storage and retrieval mechanisms for efficient record management.	
Image Forgery Detection <i>Python, Machine Learning</i>	October 2025
- Implemented image preprocessing techniques using Enhanced Error Level Analysis (ELA) for detecting manipulated images. - Contributed to dataset preparation and model training pipeline for improved accuracy. - Assisted in validating model performance using structured test datasets.	

Certifications

Introduction to Cybersecurity - Cisco

Salesforce Agentforce Specialist – Salesforce

Programming in Java - NPTEL (12 Week Course)

Additional Information:

- Languages: English, Tamil
- Soft Skills: Analytical Thinking, Teamwork, Time Management
